Bonnie Von Ohlsen, AICP, RLA, LEED® Green Associate

Kimley-Horn of New York, PC

Bonnie Von Ohlsen is a Planner and Landscape Architect with Kimley-Horn of New York, PC in White Plains, where she works with an interdisciplinary team of planners, landscape architects, civil and traffic engineers. Bonnie is a Director-at-Large of the Westchester Municipal Planning Federation (WMPF), a registered Landscape Architect in NY, NJ, CT, a certified Planner (AICP) and a LEED Green Associate. With over 33 years of professional experience in site analysis, land planning and design, zoning, feasibility studies, and project approvals, including expertise in the NY State Environmental Quality Review (SEQR) process, Bonnie has managed interdisciplinary teams on many complex development projects; consulting for both private and municipal clients. Bonnie earned her Bachelor of Landscape Architecture degree from the SUNY College of Environmental Science and Forestry, in Syracuse, NY.
